

EXHIBIT D

Christine C. DOB 4/4/82

- 11/19/05 Intake: (Referred by John Matheson - says was involved in traumatic incident) Chr. arrived & boyfriend who waited outside. She was distressed, but controlled, said was assaulted on train, & gave other examples of people taking advantage of trust. % loss of motivation, lost prev. interests - music, writing - & diminished contact w/ friends. Goals for tx: understanding self, recovery of motivation & confidence, elim. of excessive self-criticism (ego-syntonic?) inevitability.
- 11/20/05 Phone assg. for Chr. - to tolerate travel to Boston for appt's, but liked 1st session. (Will ask Judy if I can use NBS for her)
- 11/20/05 Called Chr, offered to meet at NBS, agreed to trial appt.
- 11/21/05 NBS OK & Chr. we'll meet Mon's. Boston life is very confusing to me - Lu Ann is Mom, Mary is mom, birth is Hank, Phil is Dad. Chr. outlined assault - upset, not supportive - Chr. easy to this. Chr. & blame her self beyond initial willingness to speak - per, she should not speak before. Her % has Steven being mean to her.
- 11/24/05 Upset after prev. hr - sleepless & cried. I understand why she felt sorry for her who threw things & yelled at her; she resented, but still felt sorry.
- 12/05/05 Informed re upcoming deposition - who'll be there, will she be across, etc.
- 12/12/05 Deposition heard - cried after. Court'd her: Discretion in this % references, but good student. Started college 2000/2001/04 in 01-5th semester.
- 01/14/06 Focus on work issues - Duane asked if she'd like to meet w/ her shop in Burl. Looked at difficulty & contractor's request & disciplining staff.
- 01/29/06 Rec'd req. for records fr. Antrak attorneys. Will discuss w/ Chr.
- 1/30/06 Thought she had to sign release at deposition. Worried re case-outcome, & how she'll feel justice. I'll link betw. tx & suit - canceled beliefs & will not tx self-pay; this reassures.

Christine 11/21/05 LK #2/11

- 1st memory in CA, making PBTSK. in AS
crust, watching TV = being in 3/4 yrs. old
- Story of birth: birth ^{LOU ANNE} M. already had Steven & Tim
2 yrs before (at 2, ~~St. Steven~~ to Mary Anne for
adoption [Mary Anne = mom (M)] & Phil married
& moved to CA = Mike & Joyce; Mike & Joyce began
family & Mary Anne & Phil broke. Joyce loved her
great-nephew until for adoption fr. Lou Anne &
(Lou Anne = birth M). ^{Mary Anne} Joyce adopted both Steven &
Christine fr. Lou Anne. Lou Anne had Christine
in CA, but 1st had misgivings re adoption.
Christine's F is Hank (married to Marge who
he was Lou Anne pregnant) (Hank had 1 child
when he was 17)
- rel. to Lou Anne is "always forced"; Lou Anne very
guilty re giving up kids (they have had alcohol/drug
prob, was musician & had hrs, may have been in
lesbian rel. & not open to parenting)
- birth F & refuses to tell his other children
(Hank) that Christine is his daughter - Chr not 3%
then. Christine found him (age 18/19) by asking
Lou Anne his name & looking in phone book. She
wrote, he was wishy washy re info, but
Chr. persisted on Internet. She met Met, Lou Anne
(youngest 2) & oldest (Mary Anne)
- Christine "It's complicated, but I think it's
hicc"
- Adoptive parents separated when Christine 6 yrs.
Mary Anne became pregnant (!) when ^{Chr} 1 year old. Tony
is brother. When Christ. 6, Mary Anne & moved
back to M.A. & Tony & A (Mary Anne) now
Christine & Steven & like Christine ~~protection~~
page age (Christine had internal problems &
interfered with asthma, sat 1st 5 years of life)
when Chr. 3, remembers Steven being with smoking her.

At dinner table, Steve always put soda bottle in place to block eyes fr. Christfire - now, she tries to understand; but then she felt he was the outsider, was hurt & wanted to be closer because he was blood relative.

Steve "I'd not care about me at all" - but she always admired & imitated him, the protector her etc.

Now rel. is "OK" - he lives in CA; Christfire is excited when he's coming, but knows it will always be awkward - "It was because we sat." ~~She thinks~~ Steve has epilepsy (a birth def.) when he got it at 20, "w/ls started coming down" & he lets her in "but I still feel like it's fake, just trying to do the 'right' thing"

Good experience in NY where he came to see her just he told her things she'd rather not know the divorce.

11/28/05

After prev. session, Chr. sleepers & cried when remembered worshipping him while he hated her (felt dirty every time for him) because nobody ever asked why he was so angry. Kept wondering why she'd fight back, why she (admired & wanted to be like him).

Steve now separated fr. family but they advise him, too.

- When Chr. was 7-15, Phil left CA

When Chr. 6, etc.

→ Chr. learned phys. & emot. abuse, but then talk many stories of Phil erupting & even throwing things & intimidating & restrained, sneaking eggs etc.

Christine

~~12/5/05~~ 12/5/05

met in John Matheson to say will be
deposed Wednesday morning about 3-5
his in defense lawyers.

12/14/05 - Eric = perp

- After rising criminal trial, Chr.
met 2 girls Eric prev. involved in
1) Reginal - pushed him aside after
he followed her to empty car (she
was there to smoke)
2) Ashley - ^{Chr.} met her at party

Christine

1/16/05 Hx to ~~not~~ refuse customer's request & nearly failed,
couldn't hear herself clearly. At work 2 hrs, when asked
to deliver criticism, found her head shaking - "hate this"
(Hx is being outspoken, thinks shifted post - attack)...

→ After more examples, 2 biggest problems emerged:

1) self-doubt

2) fear of "looking stupid"
